# JetCard PLUS

Offering the conveniences of owning a private jet without the tremendous expense is the concept behind jet membership or fractional ownership. JetCard PLUS refines this idea and provides unparalleled service.

JetCard PLUS understands and anticipates the needs of its clients when it comes to safety, security, superior service, convenience and value. The company operates with a philosophy comparable to a country club - deliver consistent quality while focusing on a select group. By limiting memberships to 500, JetCard PLUS consistently delivers on these promises.

Comprised of aviation innovators and professionals with more than 25 years of combined experience, including the founder of Sentient Jet, the largest charter operator in the United States and inventor of the industry's Jet Card model, JetCard PLUS's executive team has honed the business model, offering the highest quality service at prices ranging from 20-60 percent less than its competitors.

JetCard PLUS offers clients the benefits of private jet ownership without the commitment of a long-term, large capital investment. JetCard PLUS's hourly rates are all-inclusive and are locked in for the duration of the card. Unlike its competitors, JetCard PLUS does not charge fuel surcharges or repositioning fees. To ensure the program's high quality, account balances are refundable at any time.

JetCard PLUS's private jet solutions provide access to the finest aircraft in private air transport, including G-V's, Challenger 604s, Hawker 850XPs, Citation X's and Hawker 400XPs. JetCard PLUS delivers the latest model aircraft available in the industry, comparable to the US fractional fleet with an average age of 3.5 years new. Top-quality aircraft combined with the program's flexibility and sensible pricing has attracted clients from top competitors, including the industry's gold standard, Marquis Jet.

With offices across the country and a 24-hour-a-day command center based at Miami International Airport, JetCard PLUS' card owner service department and operations teams are committed to providing all clients with white-glove service and on-time performance. JetCard PLUS requires all aircraft to meet ARG/US Gold or Platinum and/or Wyvern certification, assuring economic benefits of the program do not sacrifice safety or luxury.

**JetCard PLUS's range of services include:** private jet membership, on demand charter, aircraft sales and management. For more information, please visit [www.JetCardPLUS.com](http://www.JetCardPLUS.com), call 888-538-6389 or e-mail [info@JetCardPLUS.com](mailto:info@JetCardPLUS.com)
